Entered at North Platte, Nebraska, Post office as Second Class Matter.

TUESDAY, FEB. 13, 1912.

The honor of representing Lincoln county in the state legislature is not eagerly sought; at least up to date no one has fled. That progressive farmer The Tribune would like to see nominated and elected is evidently too modest to put himself forward. There are a number of the right calibre—come forward gentlemen.

Jailor's fees, extending over a period of five years and amounting to about \$2,000 were allowed ex-Sheriff Miltonberger by the county commissioners last week. This sum was held back for the reason that there was some question as to whether Sheriff Miltonberger was entitled to them. A recent decision of the supreme court settled the mooted question, hence the allowance of the claim.

The people of Lincoln county are not in favor of a new court house, but the commissioners have arrived at the conclusion that at least some of the unprotected records of the county must be preserved. They will therefore build a small cement vault in one corner of the treasurer's office in which to store records. The treasurer's office is now too small for the transaction of the business; it will be still smaller when the vault is built, but the vault is needed.

President Taft will have 780 votes out of the total of 1,076 on the first ballot at the Chicago convention, or 241 more than the majority necessary to nomination, according to a statement made by Representative William B. McKinley, of Illinois, secretary to the president, C. D. Hiller, and Senator Murray Crane, of Massachusetts. The three held a conference lately, which was practically the opening of the Taft campaign for renomination. The figures given out were reached after a careful canvass of the country, it was said.

Eight governors and delegates from twenty-eight states met at Chicago Saturday and in an informal conference organized a permanent committee to push the candidacy of Theodore Roosevelt for the republican nomination for president. The governors, in an executive conference by themselves, addressed a letter to Colonel Roosevelt in which they explained the purpose of the meeting and expressed a desire that he let it become known that a demand from the people that he accept the nomination would not be unheeded by him.

## Have Your Seed Corn Tested.

There seems to be a well founded rumor afloat that there was never a year in the history of Nebraska corn growing when there was so small an amount of corn that would germinate as the present one. All over the state they are organizing seed corn tests and the best part of it seems to be that every one concerned is taking an interest.

Two years ago we had a seed corn tester made according to directions furnished us by the State University, and tried to get every farmer to bring a sample of his corn to be tested. Last year we repeated the same thing, and now this year we wish to announce again that we will test ten or more ears of corn for every farmer that will bring or send it to our store, keeping a record of each ear and having it at all times where it can be seen; that is the corn germinates under a glass cover and all stages of the germinating process can be seen.

Now we want all to feel free to bring corn as there are positively no strings tied to this offer. We do it absolutely free to all and feel that we are amply repaid in the general prosperity it brings.

DERRYBERRY &amp; FORBES.

The election of officers for the Keith and Lincoln Counties Irrigation district occurred Tuesday. The vote was not heavy in the three directors districts. S. E. Anderson was chosen to succeed Fred Pierson as director in district No. 3, Henry Coker as assessor and D. C. Wilson as treasurer. The new officers are to assume their jobs March first.—Sutherland Free Lance.

The season of the Nebraska base ball league begins Tuesday, May 14, with a schedule of 114 games for the season. By agreement players cannot be farmed out and every game on the schedule must be played, rain or shine. A forfeit of \$30 will be the penalty for the club that fails to play on any of the set dates.

Mr. and Mrs. E. L. Lomax, of San Francisco, went thru Saturday evening from a visit in eastern cities. Mr. Lomax is the traffic manager of the Western Pacific.

## The Nebraska Situation.

Through the mouth of Abraham Lincoln, Mr. Roosevelt explains his silence. His enemies, and the enemies of the things he stands for, would like for him to speak that his words, whatever they are might give them a target for their guns. He is not inclined to accommodate them. This means apparently, that we have had all we are going to have directly from him on the presidential subject. In that case, the effort to nominate him next June will go on. This can hardly mean anything but the abandonment of LaFollette, and a square contest for the nomination between President Taft and the man who made him president.

Already the result of this shaping of events is to be seen in Nebraska. Governor Aldrich takes definite and determined position in favor of Roosevelt. The LaFollette and Roosevelt supporters begin to coalesce, being blood relations from the first. Yet many who would not support LaFollette, doubting the possibility of nomination or election of a man of his temperament, will now be for Roosevelt. The Journal's poll shows Roosevelt getting considerably half the votes. Add the LaFollette vote to Roosevelt's and Roosevelt has more than three-fourths. These votes include hardly one per cent of the republican voters of the state, and are not to be taken as conclusive evidence of the run of party opinion. But it makes it look highly probable that the great Roosevelt popularity in this state, set against agricultural irritation toward Taft for the reciprocity bill, will return a Roosevelt delegation from Nebraska to the national convention. The fact that in the Taft campaign well known stand patters have been conspicuous contributors to this probability.

Considered from the standpoint of political expediency, the candidacy of Mr. Roosevelt is confronted by one great bar. It would be a third term for him, for by his own announcement his three and a half years in President McKinley's term counts as a term of his own. If he is nominated we must expect no third term to be the slogan of the opposition. Perhaps that would be of no effect. As between Roosevelt and a democratic standpatter like Harmon we doubt if it would. But objection to a third term is deep seated in the American mind. It was breathed in with our first history lessons and seems as firmly fixed as our reverence for Washington himself. It might answer to say that third term means third consecutive term. Some answer there must be, else Roosevelt's popularity would need be great enough to overcome a heavy third term handicap and outrun his competitor on even terms beside.—Lincoln Journal.

The board has had this purchase under consideration at various times during the past two months and will hold an adjourned meeting at the high school building on the 19th day of February, 1912, at 8 o'clock P. His farm is located one-half mile from Fort Calhoun, or five miles north of Florence. Mr. Bouvier, who looks more like a man of 40 than 70, came to Omaha in the spring of 1853, and in April, 1854, located a pre-emption near Fort Calhoun, his present home. Mr. Bouvier has the distinction of now being the first white settler in the state of Nebraska, and one of his treasured possessions is a silver medal presented him by the Nebraska territorial pioneers.
